

Your Wedding Day

With shining eyes to say “yes” and close the covenant for life is still the greatest happiness of many. On no other day are you as much in the spotlight as on the day of your wedding. Every bride would like to look beautiful for her husband and for herself. Beautiful, in her own unique way.

And right there, I come into play and can assure you that from this point onwards we will leave nothing to chance. In order for you to feel relaxed and comfortable on the wedding day, I will work on your styling in details beforehand. We will have plenty of time to discuss and try out different hairstyles combining them with the appropriate hair ornaments (for ex. veil). Whether elegant or fancy, whether a braid or an updo or even maybe hair extensions, all different possibilities will be taken into account. My goal is to make you feel like at home and to make sure that everything is going to be unforgettable on the most important day of your life! I would be also happy to drive to your home if needed!
